

## **DB Sales adds Webster Engineering Burners to its product offerings**

GARDEN GROVE, CA, January 3 2011 — Monday DB Sales announced that it has added Webster Engineering burners to its product line as a new product category. Webster is an efficient and cost effective manufacturer of commercial and industrial burners.

Webster's burner designs offer multiple fuel flexibility, high efficiency, low emissions and high turndown burners for new applications or retro-fit of existing installations.

"The addition of Webster commercial burners allows DB Sales to fulfill our customer's new and retrofit burner needs" commented Steve Mertz, the owner of DB Sales.

### **About DB Sales**

DB Sales is a leading representative firm for HVAC and plumbing products, serving southern California since 1978. The company is distinguished by the expertise of the sales personnel, with a consultative approach that delivers the best total solution to each client. They are focused on partnering with manufacturers that offer environmentally responsible and resource-efficient solutions. They are a licensed service contractor and factory certified for all the equipment that they sell. DB Sales also has a machine shop where they rebuild most Rotary Screw Compressors and Pumps to factory specifications. [www.dbsales.net](http://www.dbsales.net)
