

DB Sales Adds Waste Heat Recovery Systems from Cain Industries to Energy Efficient Portfolio

February 18, 2014 GARDEN GROVE, Calif. – DB Sales announced the addition of Cain Industries products to its lineup of energy efficient HVAC products for commercial and industrial applications.

Cain Industries is a manufacturer of waste heat recovery systems for the following markets: gas & diesel cogeneration systems, boiler exhaust stack economizer systems, and fume incineration systems.

Steve Mertz, DB Sales president, said, “We are pleased to add Cain Industries to our product lineup. The company is solely focused on producing combustion exhaust heat transfer products. Their products lower fuel costs and reduce pollution. Our customer base will benefit from these new offerings.”
