

DB Sales Adds Air Balance, Inc. to Product Line; An Industry Innovator in Dampers and Louvers

April 1, 2014 GARDEN GROVE, Calif. – DB Sales announces a new sales relationship with Air Balance, an industry leader in developing state-of-the-art UL-classified life safety products including fire, fire/smoke and smoke dampers for both static and dynamic applications.

Steve Mertz, president of DB Sales, said, “Dampers and louvers are an important part of a complete system. Air Balance revolutionized fire dampers by inventing and introducing the curtain blade fire damper, which is still the industry standard. Their fire/smoke dampers improve efficiency and increase ease of installation.”

Air Balance has continued to develop its product offering to include a wide variety of related products including control, balancing and industrial dampers, gravity ventilators, and penthouses.

Air Balance louvers deliver the highest free area on the market, providing the lowest air side pressure drop and improving facilities’ efficiency. The Air Balance louver product group includes stationary and adjustable extruded aluminum and steel louvers for every application including wind driven rain, hurricane and sand louvers, as well as unique products for the power generation industry.

To learn more about Air Balance and other dampers and louvers available from DB Sales, visit the DB Sales web page.

About DB Sales

DB Sales is a leading representative firm for a full line of boiler, industrial equipment, HVAC, and plumbing products, serving greater Southern California and beyond since 1978. DB Sales partners with manufacturers that offer environmentally responsible and resource-efficient solutions. The company is distinguished by the high-efficiency equipment expertise of the sales personnel, with a consultative approach that delivers the best total solution to each client.

They are a licensed and factory-certified service contractor, providing maintenance and repairs, including 24 hour emergency service, to any industrial or commercial company regardless of manufacturer type or original installer. DB Sales also has a machine shop where they rebuild most rotary screw compressors and pumps to factory specifications.
