

## California Ultra Low NOx Manufacturer Now Represented by DB Sales & Service

May 22, 2017 GARDEN GROVE, Calif. – DB Sales and Service, an expert in ultra low NOx systems, announces a new sales relationship with Johnson Burners. Johnson is the leading California-based manufacturer of ultra-low NOx high efficiency burners.

Steve Mertz, president of DB Sales, said, “Johnson Burners is at the forefront of the design and manufacturer of ultra-low NOx high efficiency burners. They have a long track record in the California marketplace and we are proud to be provide sales, installation, maintenance and repair services for their products.”

S.T. Johnson Company was founded in San Francisco, California in 1903 as a burner manufacturer and fuel oil distributor. The company rose to prominence in the 1920s with the advent of the Johnson rotary burner, which was famous for its simplicity, reliability and durable design.

Today Johnson Burners designs and manufactures a complete product line of gas, oil, ultra-low NOx and low NOx burners. They have sold nearly 300,000 units.

DB Sales & Service is factory-authorized by Johnson Burners for sales, retrofits, installation, and service.
